

# Misery (Division 4 & Matt Consola Extended Remix)

Gwen Stefani

Where'd you go?  
I got so used to being 'round you boy  
I'm trying not to care, but where'd you go?  
I'm doing my best to be sensible  
I'm trying not to care, but You're like drugs, you're like drugs to me  
I'm so into you totally  
You're like drugs, you're like drugs to me  
Drugs to me So put me out of my misery  
Hurry up, come see me  
Put me out of my misery  
Hurry up, come see me  
Enough, enough of this suffering  
Hurry up, come see me  
Put me out of my misery, put me out of my misery Out the door  
I'm thinking things I never thought before  
Like what your love would taste like  
Give me more  
Don't sell this feeling at the grocery store  
All cause your love, it tastes like You're like drugs, you're like drugs to me  
I'm so into you totally  
You're like drugs, you're like drugs to me  
Drugs to me So put me out of my misery  
Oh, hurry up, come see me  
Put me out of my misery  
Hurry up, come see me  
Enough, enough of this suffering  
Hurry up, come see me  
Put me out of my misery, put me out of my misery Put me out  
Out of my misery  
Put me out  
Out of my misery  
You're in so much trouble  
(You better watch out)  
Yeah, you're in so much trouble  
(You better watch out)  
You're in so much trouble  
(You better watch out)  
Yeah, you're in so much trouble  
Oh So put me out of my misery

Hurry up, come see me  
Put me out of my misery (put me out)  
Hurry up, come see me  
Enough, enough of this suffering (enough, enough of this suffering)  
Hurry up, come see me  
Put me out of my misery (put me out of my misery), put me out of my misery  
Put me out of my misery  
Hurry up, come see me  
Put me out of my misery (put me out of my misery)  
Hurry up, come see me  
Enough, enough of this suffering (enough, enough of this suffering)  
Hurry up, come see me  
Put me out of my misery, put me out of my miseryPut me out  
(You're in so much trouble)  
Out of my misery  
Put me out  
(You're in so much trouble)  
Put me out of my misery  
Put me out  
(You're in so much trouble)  
Out of my misery  
Put me out  
(You're in so much trouble)  
Put me out of my misery
