I'm Goin Back

Jadakiss (ShadyBlock.Com)

I'm goin' back to the way
The way I used to be
I got no love for these niggas
'Cause they ain't got love for meI'm goin' back to the way
The way I used to be
With no love for these niggas
'Cause they ain't got love for me, yeahYo I don't go to church much but I need him a lot
And the Ryde is Ruff that's why I got D on my block
So you can't even get it less I give it to you hard
And everybody don't get it then some niggas get a nodI done brung niggas shopping, brung niggas touring
Those with high bails came home by the morning
Kept niggas with Nike's on niggas lights on
Not on no sucka shit trying to make it right for themThen you try to show 'em shit the average nigga
Don't appreciate nothing so all that shit is over with
Entourage light up more shooters than fighters
People that's there to work stead is there to divide usNo more royalties, loyal fees
The less headaches it is more for me
I'ma grown man it took me a minute to figure out
My career is in my own handI'm goin' back to the way
The way I used to be
I got no love for these niggas
'Cause they ain't got love for meI'm goin' back to the way
The way I used to be
With no love for these niggas
'Cause they ain't got love for me, yeahYo, as far as the industry goes, everybody's a foe
Only a friend when they want you to flow
I done came straight off the plane into another mans session
And spit pain and ain't charge him a thingHad to make my line of respect real thinner
Started getting real hungry, I needed a real dinner
Sin whoever you want, I'm kissing them all
Did a track with everybody except Mr. ShakurTo me a plaque ain't nothing but some shit for the wall
And I ain't hating on the people who got 'em, I got a lot of 'em
But I don't got the money they got, so I ain't proud of 'em
I'm proud of me 'cause only I can get the guts out of meI'm goin' back to the way
The way I used to be
I got no love for these niggas
'Cause they ain't got love for meI'm goin' back to the way
The way I used to be
With no love for these niggas

'Cause they ain't got love for me, yeahEven though I'm strong the bullshit still be penetrating
It ain't nothing personal y'all, I'm just ventilating
It was starting to make me tense how I put a dent in the game
And came back to make more dentsMore than one hand on the gun
Just makes more prints the older I get
The Bible starts to make more sense
When I drive by and give you the horn, I ain't flip
I'm just handling my business and keeping it goingInstead of pieces, I'm getting the lumps for real for real
And get a nigga ass like I did from the jump
'Cause usually a problem would help and you always
Gonna need somebody but all you got is yourself that's whyI'm goin' back to the way
The way I used to be
I got no love for these niggas
'Cause they ain't got love for meI'm goin' back to the way
The way I used to be
With no love for these niggas
'Cause they ain't got love for me, yeah
