

# Scream Out

## The Unseen

[Verse 1]

Well all my life this music saved me  
I can't afford your therapy  
My frustration, it needs release  
Cut me open and hear me bleed  
Playing punk keeps me sane  
Don't need drugs to numb the pain  
It keeps me alive I hope it helps you  
I won't let your worthless America ruin me

NO MORE!

[CHORUS]

I'm screaming out, somebody listen  
It feels so good  
This therapy!

[x2]

[Verse 2]

I lost control and hurt myself  
I knew deep down I needed some help  
The self-abuse would not stop  
No matter how hard I tried  
So I lied and pulled my life together  
Am I going insane?  
Think again  
NO MORE!

[CHORUS x8]

I'm screaming out [x7]

Get me some help
