Snowflakes

White Apple Tree

Feeling like I know the words
Of a song I haven't wrote
A song of love, a song of hope
A song that guides me down this roadA snowflake falls onto my cheek
As I wake up from distant sleep
I stand up dazed as I look around
What is this place that I have found?Feeling like I know the words
Of a song I haven't wrote
A song of love, a song of hope
A song that guides me down this roadThe wind, it chills as it fills the sky
The neighbors smile as I walk by
It's all so calm in this cold night air
Where the people sing without careThough I know not where I step
I'll follow you until the deathThough I know not where I step
I'll follow youFeeling like I know the words
Of a song I haven't wrote
A song of love, a song of hope
A song that guides me down this roadFeeling like I know the words
Of a song I haven't wrote
A song of love, a song of hope
A song that guides me down this roadFeeling like I know the words
Of a song I haven't wrote
A song of love, a song of hope
A song that guides me down this roadFeeling like I know the words
Of a song I haven't wrote
A song of love, a song of hope
A song that guides me down this road
