

Hope In The Mirror

Zoot Woman

No hope in the mirror
Breaking you up
The voice from inside
Says never enoughNo hope in the mirror
Breaking you up
The voice from inside
Says never enoughNo transformation
Fears, I'm accepting
Wanting for something
Losing too muchHope in the mirror
Breaking you up
The voice from inside
Says enoughNo hope in the mirror
Breaking you up
The voice from inside
Says never enoughHope in the mirror, mirror
Voice inside, inside, inside
Hope in the mirror, mirror
Voice inside, inside, insideHope in the mirror
Breaking you up
The voice from inside
Says enoughHope in the mirror
Breaking you up
The voice from inside
Says enough
