

Hope In The Mirror

Zoot Woman

No hope in the mirror
Breaking you up
The voice from inside
Says never enough
No hope in the mirror
Breaking you up
The voice from inside
Says never enough
No transformation
Fears, I'm accepting
Wanting for something
Losing too much
Hope in the mirror
Breaking you up
The voice from inside
Says enough
No hope in the mirror
Breaking you up
The voice from inside
Says never enough
Hope in the mirror, mirror
Voice inside, inside, inside
Hope in the mirror, mirror
Voice inside, inside, inside
Hope in the mirror
Breaking you up
The voice from inside
Says enough
Hope in the mirror
Breaking you up
The voice from inside
Says enough
