

In and Out of Weeks

Highasakite

With open eyes
I dreamt of horses as they weren't there
With their saddles on
With their saddles on In broad daylight
I dreamt of landscapes
As they weren't there
But I'll stand and stare
But I'll stand and stare If you wanna be gone
If I'm wide awake
Throughout a here
In and out of weeks
And through a day Unraveling
If this mind belonged to a criminal
Would you be alarmed
Would you (would you) With open eyes
I dreamt of horses falling to the ground
With their saddles on
With their saddles on And I wanna go (gold)
If I'm wide awake
Throughout a year
In and out of weeks
And through a day In broad daylight
I dreamt of landscapes as I wasn't there
But I'll stand and stare
Well I'll stand and stare
