

# Where Is the Blood? (feat. Burton C. Bell)

## Delain

Carved and gave you my heart  
Love will tear us apart  
Unavoidable the break  
Carved and gave you my heart  
Love will tear us apart  
We both realised from the start[Bridge:]  
All my expectations are sane  
So why do I take the blame?  
You yourself were king of them game  
So why do I pay for your pain?[Chorus:]  
If I hurt you so much  
Then where is the blood, where is the blood?  
If I hurt you so much  
Then where is the blood?  
If I hurt you so much  
Then where is the blood, where is the blood?  
If I hurt you so much  
Then where is the blood?Undeniably yours,  
I'm forever and more  
Do you buy these lies you said?  
Undeniably yours,  
I'm forever and more  
When I caught you in the act[Bridge + Chorus]Can you believe  
I still think of you  
Can you believe  
I still dream we could turn around  
But I forgave forgot too many times  
Can you believe  
I still think of you  
Can you believe  
I still dream we could turn around  
But I forgave forgot too many timesIf I hurt you so much  
If I hurt you so much  
If I hurt you so much  
Then where is the blood, where is the blood?  
If I hurt you so much  
Then where is the blood?
