Am I A Sinner

Britney Spears

Keep telling myself
Get out of my mind
The way it feels
It feels so right
And every night
I feel the heat
Close my eyes
And it comes to me
I confess if I've done it wrong
But in your eyes i see i'm guilty
I'm guilty
The stress that keeps me strong
I feel as though
My heart is empty
Cause you're not with me
In my secret place
Where i drift away
Tell me am i a sinner?
Tell me am i wrong?
Something is wrong with the picture
This is not my fault
So am i a sinner?
Am i a sinner?
Don't watch the truth unfold
Please don't try to see right through me
When u touch me
You will never know
Imagination starts to haunt me

It controls me
In my secret place
Where i drift away
Tell me am i a sinner?
Tell me am i wrong?
Something is wrong with the picture
This is not my fault
So am i a sinner?
Am i a sinner?
Am i a sinner?

Am i a sinner?
Just tell me
Am i a sinner?
Tell me am i a sinner?
Tell me am i wrong?
Something is wrong with the picture
This is not my fault
So am i a sinner?
Tell me am i a sinner?
Tell me am i wrong?
Something is wrong with the picture
This is not my fault
So am i a sinner?
Am i a sinner?
Am i a sinner
Am i a sinner
Am i a sinner
Just tell me
Am i a sinner
