Give Me an Inch

Robert Palmer

Give me an inch, girl
Give me an inch, girl
Give me an inch, girl
Give me an inch, girlMy eyes show me more than Ive seen
But unlike my poor heart, theyre not cautious
I got to thinking love was a dream
Misunderstanding the fortunesI should have taken more heed of my heart
Tellin' me how to live(But if you give me an inch, girl)
Ill give you a mile
(Give me an inch, girl)
Oh, Ill make it all worth while
(Give me an inch, girl)
And Ill make you see
(Give me an inch, girl)
Just how much you mean to meWell, aint it easy to go head over heels
When you need the right person
You got to learn to smile about it
Nothing you do will feel certainHere I stand with my heart in command
And its you I wannna be with(Give me an inch, girl)
Im in need of you
(Give me an inch, girl)
Dont leave me in the cold
When I wannna trust in you
(Give me an inch, girl)
Dont turn me away
(Give me an inch, girl)
Life can be a worry
When its all work and no play(Give me an inch, girl)
Ill give you a mile
(Give me an inch, girl)
Oh, Ill make it all worth while
(Give me an inch, girl)
And Ill make you see
(Give me an inch, girl)
Just how much you
Just how much you mean to me(Give me an inch, girl)
Give me an inch, Ill give you a mile
(Give me an inch, girl)
And Ill make you see

(Give me an inch, girl)
Just how much you
Just how much you mean to me
(Give me an inch, girl)
(Give me an inch, girl)Give me an inch, girl
(Give me an inch, girl)
Im in need of you
(Give me an inch, girl)
Dont leave me in the cold
(Give me an inch, girl)
When I wannna trust in you
