

Gold Rush (live)

Belleruche

If I must then I will let it be known
Divulge with pleasure then I'll have to run it home
Why it bothers me so much, I don't ever want to believe
If the evidence is out there what blinds us not to see
Credit to you it's hard to see through smoke screen
I recommend you question motives that spin the wheel of business and greed
To accept leave unchallenged the majority rule
Subscription to denial weekly is it forgivable
If we ignore the urgency
Somewhere gone wrong it's scaring me
The evidence disturbs the peace
If it's not too late then we better start trying
If we ignore the urgency
Somewhere gone wrong it's scaring me
The evidence disturbs the peace
If it's not too late then we better start trying
I think it's time to redefine the powers
Push to override decline immunity disposed upon the giant
Expose the dire situation with the practical the rational
Forge questions to the corporations authorizing the unethical extortionate
Dishonourable exorbitant cause there's got to come a time to contemplate deliberate the facts
Burn them back from the chaff, makes no sense to siphon
Take consume extract monopolize without giving something back
If we ignore the urgency
Somewhere gone wrong it's scaring me
The evidence disturbs the peace
If it's not too late then we better start trying
If we ignore the urgency
Somewhere gone wrong it's scaring me
The evidence disturbs the peace
If it's not too late then we better start trying
Since the utopian existence we imagined as a child
Drifted further far away as we got holder and wise
Brought you down broke your back thread bare burnt out
May I coax you to consider to remember that
The end of the day words are consequence
And the end of the day you do have consequence
We have a powerful vernacular I want to make it audible
Notable, legible, accessible and louder now
If we ignore the urgency
Somewhere gone wrong it's scaring me
The evidence disturbs the peace
If it's not too late then we better start trying
If we ignore the urgency
Somewhere gone wrong it's scaring me
The evidence disturbs the peace

If it's not too late then we better start trying
If we ignore the urgency
Somewhere gone wrong it's scaring me
If we ignore the urgency
Somewhere gone wrong it's scaring me
If we ignore the urgency
Somewhere gone wrong it's scaring me
If we ignore the urgency
Somewhere gone wrong it's scaring me
If we ignore the urgency
Somewhere gone wrong it's scaring me
If we ignore the urgency
Somewhere gone wrong it's scaring me
