Piranhas Club

Man Man

Throw me to piranhas, if you wont be with me
Feed me to koalas, if you wont be with me
I'm not a barracuda, even though I flash the teeth
Throw me to piranhas, if you wont be with meIs it all about the ebb and the flow
Of losing your mind sometimes and letting goYou feel like you cant breathe
You're outta control
The world is a shit show
You barely can handleAnd if you gotta smash some plates to relax
I say do it d-d-d-d-d-do it
And if you gotta crash your car in a lake to feel sane
I say do it, just do it
And if you gotta scream until your voice breaks
I say do it d-d-d-d-d-do it
And if you gotta punch your dad in the face
I say think about it. Do it.Throw me to piranhas, if you wont be with me
Feed me to koalas, if you wont be with me
Im not a barracuda, even though I flash the teeth
Throw me to piranhas, if you wont be with meIs it all about the highs and the lows
Of losing all you love sometimes and letting go
You feel like you cant deal
Your heart's doing cartwheels
The world is a shit show, as bad as the sequelAnd if you gotta smash some plates to relax
I say do it d-d-d-d-d-do it
And if you gotta crash your car in a lake to feel sane
I say do it, just do it
And if you gotta dance until the earth quakes,
and her boyfriend's a dick and you gotta regulate
I say think about it he might destroy you
Think about it he might destroy you
Think about it he might destroy you
Tear his limbs offAnd I don't wanna be the stranger in your rear-view mirror
I just wanna be the man you bring home for dinner
I don't wanna be the stranger in your rear-view mirror
I just wanna be the man you bring home for dinner
I don't wanna be the stranger in your rear-view mirror
I just wanna be the man you bring home for dinner
I don't wanna be the stranger in your rear-view mirror
I just wanna be the man you bring home for dinner
