

Anamnesis

Kinesthetiac

To stem the current is no vain attempt
the Knowledge preserved for us alone
 in this world of mud and rust
decipher what is coded by our handsDefiled our names
 soiled glory of gods
 dismal new faith
spawn of deliverenceOh Wisdom formless and odious
 the sexless parent of disbelief
 restricting rules they can make
means nothing to Your BeingDefiled our names
 soiled glory of gods
 dismal new faith
spawn of deliverenceRestore what was broken
 no single word is missed
 with fiery tongues speak to us
to souls gashed, souls hardenedOh Wisdom formless and odious
 the sexless parent of disbelief
 restricting rules they can make
means nothing to Your BeingDefiled our names
 soiled glory of gods
 dismal new faith
spawn of deliverenceThis conceit waste
 regain we must
 on Hermes' touch
