

Outro (DC-3) Thank You

Destiny's Child

You are my best friend
You been right here through thick and thin
You are my best friend
Gotten me through places I have been
You are my best friend
Through our situations
You have been my inspiration
My best friend
Your still here and I love you I think you got angel wings
Hiding up under there somewhere
Michelle, my belle
Dunno where we would be
If we never met you girl
I love you, I thank you
You such a blessing
I am so grateful
I truly believe the Lord
Sent you to me and Kelly
The smile the laughter
Always makes me happy
When I am too serious
Or too intense
With a voice that beautiful
You was heaven sent My sister my life couldn't be better
Doing what I love with my best friend
And making Cheddar Kelly
The most beautifulest girl in the world
You are my survivor and I admire you
You have no idea how special you are
Humble, talented and blessed you are
Sometimes I wish I could be more like you
Sometimes they don't wanna give your credit to you
Wouldn't be a Destiny's Child if it wasn't for you
DC 3 forever I'm thanking you Lord thank you for your vision
That we see down here on earth
Thank you for your precious gifts
Your sweet precious gift of love
Through everything can no one come between
Us three Michelle, ah

Ain't it funny
 God always know what he is doing
 And he showed me some of that when you came
 Into me and be in his life
 And just let us know that we can count on you
 And actually stay with a relaxed heart
 Together we are sisters
 Your smile has so much meaning so much life
 You are the perfect fit
 What more could we ask for
 We got Michelle
 Your voice is like water
 Your voice is like rain
 And the world ain't ready for you
 I love you and I will always be here for you Beyonce, we have come so far together
 And it feels so good to have traveled
 Half the road of life with an angel
 Walking and learning and teaching you the whole time
 God is so awesome
 And I thank him for answering my prayers as a child
 I never told you this, but I prayed for
 A lifelong friend as a child
 And God just has his way of sending precious treasures
 And I found mine
 Everyday our relationship gets stronger
 And I love you for the loyal, unselfish
 Generous, gifted, wise and beautiful
 Person you are
 No one absolutely no one can take that away from us
 You are the definition of a true friend B and Kelly you two mean so much to me
 Only God knew that this union was meant to be
 Only God knew all the things we couldn't see
 But if we pray together
 We'll stay together Beyoncé and Kelly
 You both exemplify coming from my eyes
 What love is
 Love is patient Beyoncé that's what you've been
 Love is kind Miss Kelly, that's what you have shown
 It does not envy, it does not boast, it is not proud
 It is not rude It is not self seeking
 It is not easily angered, it keeps no record of wrong
 Love does not delight in evil but rejoices with the truth
 It always protects, always trusts, always hopes
 Always perseveres
 First Corinthians 13, four through seven (Thank you)
