Cocoons

Aber. INC

Take me home!!

Have you ever met me here
People have a lot of fear
scared of stuf that don't belong
Hiding in their small cocoons

Ref.
Don't you worry don't be sorry
Phonies always laughing
I can make you, I can fake you
This is what they're asking

narrowness and evil spells
I sure hope you can play this well
Rumors never ever stops
They don't understand their flops

Violins of greatness rules
Pleasing all the confused fools
I will always love this place
This is my beloved face.
