

# Cocoons

## Aber. INC

Take me home!!

Have you ever met me here  
People have a lot of fear  
scared of stuf that don't belong  
Hiding in their small cocoons

Ref.

Don't you worry don't be sorry  
Phonies always laughing  
I can make you, I can fake you  
This is what they're asking

narrowness and evil spells  
I sure hope you can play this well  
Rumors never ever stops  
They don't understand their flops

Violins of greatness rules  
Pleasing all the confused fools  
I will always love this place  
This is my beloved face.
