# One True

## Seasick Steve

Kristin Andreassen, Eric Merrill & Abigail Washburn, Uncle EarlIs that how I lost you?
Love, I lost my one true.Every place I wanted to go, been there.
Everything I had I had enough to share.
Never worried, only wondered what to wear
Every place I wanted to go, been there.ChorusIf I ever cried, I knew it wouldn't last.
Candy bars I split, I got the big half.
Knew I had strong legs and I could run fast.
If I ever cried, I knew it wouldn't last.ChorusI lived up on the mountain and the view was long.
Knew the band would always play my favorite song.
Crowd of strangers, I knew just how to belong.
Lived up on the mountain and the view was long.ChorusEvery place I wanted to go, been there.
Everything I had I had enough to share.
Never worried, only wondered what to wear
Every place I wanted to go, been there.Chorus
