

# If Only In Heaven's Eyes

\*NSYNC

I never thought you were a fair weather friend  
You never let me down, you're true to the end  
You're in the darkest hour, when all was lost  
Somehow you left the light on  
You faced the wrong and showed the world a thing or two  
Stood up for me, for you and you should know  
Some say it wasn't worth the things we went through  
I say it ain't worth losing you  
I hope you know how much you've changed all our lives  
Someday you'll see if only through heaven's eyes  
I still remember the things that you said  
I keep your words alive I could never forget  
'Cause in the final hour you made me proud  
So proud that I could know you  
You told the world it's time that they believed in you  
You stood for right and truth and you should know  
Some say it wasn't worth the things we went through  
I say it ain't worth losing you  
I hope you know how much you've changed all our lives  
Someday you'll see if only through heaven's eyes  
Only through heaven's eyes  
And so we can't forget  
We've got to keep remembering them all the ones who took the fall  
They did it for us all and we should learn from it  
Stand up if you believe in it, you've got to face the world  
Be strong  
Some say it wasn't worth the things we went through  
I say it ain't worth losing you  
I hope you know how much you've changed all our lives  
Someday you'll see if only through heaven's eyes  
Some say it wasn't worth the things we went through  
I say it ain't worth losing you  
I hope you know how much you've changed all our lives  
Someday you'll see if only through heaven's eyes
