I Changed the Rules

Peter Cincotti

Don't keep on asking where I've been
I'm not some guy you discipline
Stop that crying, no use justifying
Baby, I changed the rulesDon't keep me waiting at the door
I'm not some cat that you ignore
Keep on whining and I'll keep on declining
Baby, I changed the rulesYou can't stop me from shooting the breeze
I always say and do as I please
But don't stop trying, you know I'm gratifying
Keep the pace, you're in the raceYou feel the heat right by my side
Stay close, I'll take you for a ride
Stimulating really intoxicating
Baby, I changed the rulesYou can't stop me from shooting the breeze
I always say and do as I please
But don't stop trying, you know I'm gratifying
Keep the pace, you're in the raceYou feel the heat right by my side
Stay close, I'll take you for a ride
Stimulating, really intoxicating
Baby, I changed the rulesI changed the rules
I changed the rules
