Wheel of God

Earthsuit

I wanna ride on the wheel of God
While it's spinning round
I wanna ride on that wheel, while it's spinning round
Wheel within a wheel within... wheel within a mighty wheel
Wheel within a wheel within... wheel within a mighty wheel
I wanna go where no man on Earth has gone before
You know I do
I wanna go where no man's gone before
I saw a wheel way high up in the air and I said
I'm going to ride that wheel today, today
We'll go where no man's gone before
We'll see what no one's seen before
We'll go where no one's gone before
It's a wheel within a mighty wheel
