Drums by Chuck SaboI've been down and I've been lonely
Every day another story
About what a heart is going throughWhen I think it's all behind me
History knows just where to find me
But when the clouds come into viewI know wherever the road goes
I will always find my way
I know wherever the road goes
Every heart will have its dayHeaven knows just where I'm going
I face it all not even knowing
What future lies aheadBut they will put your faith in something
You don't care how hard you're running
If you're never running scared'Cos I know wherever the road goes
I will always find my way
I know wherever the road goes
Every heart will have its dayWherever it takes me
Is where I wanna be
Wherever it takes me
I'm gonna keep my spirit freeI'll keep my spirit free'Cos I know wherever the road goes
I will always find my way
'Cos I know wherever the road goes
Every heart will have its day'Cos I've been down and I've been lonely
Every day another story
But I know, Yes I know
I'll find my way
I'll find my way
Every heart will have its day
And I'll find my way
Find my way....Don't know where the road may take me
Every day another story
I will find my way
