Bridge:

Well, I want all my single ladies to
bring it to the dance floor right about now
And all my homies to break it down
They call me Swiss by the way (get it, listen)

You ain't gotta say too much I know your diggin' me
You wanna one night stand you found the recipe
You want a little bit more, I could be that
You've been hurt before and I can see that
See you had a lot of tricks tryna steal your heart
But never really have loved, coz you never figured out how to love
Well I can show ya, give me some time
For now let me see you Slow Wind

Chorus: x2

Slow Wind for me girl (uh-oh uh-oh)
Take your time on me girl (uh-oh uh-oh)
You ain't got no place to go
So baby take it slow
It's alright, Slow Wind x3 Girl
