Soul Glitch

Tinashe

Couple of miles 'till the depot
Walking in the snow, filled me up with joy
Ice in my head cause I'm a cold bitch
Don't blame me, you the reason why your soul glitch
(Glitch, glitch, glitch, glitch)
Cold, cold
(Glitch, glitch, glitch, glitch)
Coldish[Pre-Chorus]Why you turn me to a monster?
Why you faded at my concerts?
Why don't you just let me love you?
Make me feel like I'm the one
I'm so sick of being a crutch, you would too
I'm alone making clouds in my room
Even when the sky turns cold
As my eyes get low
I'ma do this once, is it time now?
Better fix, fix your shit, 'fore your time endCouple of miles 'till the depot
Walking in the snow, filled me up with joy
Ice in my head cause I'm a cold bitch
Don't blame me, you the reason why your soul glitch
(Glitch, glitch, glitch, glitch)
Cold, cold
(Glitch, glitch, glitch, glitch)
Coldish
(Glitch, glitch, glitch, glitch)
I'm so cold
Leading stars above, now the door closing
Shut out my emotion, but you never noticed
Left me laying on the table with the letter open
Only feelings are the naughtiest
Cause my heart frozen
My heartWhy you turn me to a monster?
Why you faded at my concerts?
Why don't you just let me love you?
Make me feel like I'm the one
I'm so sick of being a crutch, you would too
I'm alone making clouds in my roomCouple of miles 'till the depot
Walking in the snow, filled me up with joy
Ice in my head cause I'm a cold bitch

Don't blame me, you the reason why your soul glitch
(Glitch, glitch, glitch, glitch)
Cold, cold
(Glitch, glitch, glitch, glitch)
ColdishStuck in a wildfire
We could be perfect
Sick of the heartache
Under the mood of it
Me, and it's only me
You, and it's only you
Simple as it could be
Too good to have you too
Too good to have you too
Me, and it's only me
You, and it's only you
Simple as it could be
Too good to have you tooCouple of miles 'til the deep blue
Walking in the snow, filled me up with joy
Ice in my head cause I'm coldish
Don't blame me, you the reason why your soul glitch
(Glitch, glitch, glitch, glitch)
(Glitch, glitch, glitch, glitch)
I'm so cold
