

# All Of My Life

**Diana Ross**

All of my life, I have walked alone in search of a star  
You are that star, you're the one I've waited for  
(You're the one I've waited for) All of my life, there's a song to sing a chorus for two  
(All of my life)  
All that love can bring, I'll share here with you  
(Just you)  
You can make it all come true So darling, all of your life to share  
Is all I'm asking, all of the minutes and the years  
All of your happiness and sometimes all your tears So darling, all of my life to share  
(All of my life)  
Is all I give you all of the flowers in the field  
We'll walk together through the sunsets and the years So darling, all of my life to share  
Is all I'll give you and all of the flowers in the field  
We'll walk together through the sunsets and the years All of my life, there's a song to sing, a chorus for two  
All that love can bring, I'll share here with you  
(Just you)  
You can make it all come true  
(You can make it all come true) So darling, all of my life to share  
Is all I'm asking, all of the minutes and the years  
All of your happiness and sometimes all your tears So darling, all of my life to share  
Is all I give you, all of the flowers in the field  
We'll walk together through the sunsets and the years  
(Through the sunsets) So darling, all of your life to share  
Is all I'm asking
