Local Boy Makes God

Amusement Parks On Fire

Girl in the phone-box In my home Right from the first start
In my bones I haven't got time
You ask What you here for?
Take me to the bathroom (back room?) And open the door

It's all I care about And I found It's all I hear about
I can't figure out what I wanna wait for I forged all the answers
And now I want more I won't step back and watch

What I paid for Wait until the mask's off And take it too far

It's all I care about And I found it's all I hear (I'm here?) about
Straight from the camera In my heart Forged all the answers
Right from the start I haven't got time
You ask What you here for? I won't step back and watch What I paid for
