

I Don't Want to Talk About It

Marit Larsen

This is not a song about his lips
This is not another tender wish
That was then, and these are different days
Even now, I sometimes miss the taste And this is not a song about a night
When we were young, and everything was right
When all the things we did just seemed to work
Now the news is old, and it all just seems to hurt
Just seems to hurt Don't talk about what we are
Don't talk about what we've been
What's done is done
I don't want to talk about it
It's never just one mistake
It's never just one heartbreak
What's done is done
I don't want to talk about it This is not for all the tears we've cried
It's not another worthless little fight
It all comes back to me, but no regrets
I'd rather let it go than just forget
Just forget Don't talk about what we are
Don't talk about what we've been
What's done is done
I don't want to talk about it
It's never just one mistake
It's never just one heartbreak
What's done is done
I don't want to talk about it All of the good that remains
All that memory contains
All that is still on display
After he walked away
He is the reason
You are the reason why I Don't talk about what we are
Don't talk about what we've been
What's done is done
I don't want to talk about it
It's never just one mistake
It's never just one heartbreak
What's done is done
I don't want to talk about it Don't talk about what we are
Don't talk about what we've been

What's done is done
It's done, it's done
I don't want to talk about it
I don't want to talk about it
It's done, it's done
I don't want to talk about it It's never just one mistake
It's never just one heartbreak
What's done is done
I don't want to talk about it
