

I Got The...

Joss Stone

So good, you're the best there is I got the blues
Got it oh so bad
When I think of me it's hard to be

And it makes me glad
When I'm feelin' small you give me rock n' roll
And then I'm feelin' bad Your so good the way you give
So good, you're the best there is Just a lonely soul slowly dyin'
I was smilin' hard but I was lyin'
Then you sailed along with you're sweet dream
When you stole my heart I was with it Mornin' come
Sun don't shine
I'll get by without you
I was lost but now I'm found
Tell me love it was you Mornin' come
Sun don't shine
I'll get by without you
I was lost but now I'm found
Tell me love it was you Just a lonely soul slowly dyin'
I was smilin' hard but I was lyin'
I was lyin'...
