

# Thank You Girl

John Hiatt

You're a little on the thin side  
But that's alright  
You stood by me baby  
When I didn't think we'd ever see daylight  
Rolled out of California  
Like a couple of thieves  
Now we're rolling in Clover, babe  
We didn't read this in no tea leaves  
My fate was sealed before I met you darling  
I was halfway down a shallow grave  
So little room for you to catch me falling  
Still you took the little love I saved  
I wanna thank you girl  
And I wanna thank you girl  
I wanna thank you girl  
And I wanna thank you girl  
It's a matter of opinion  
But I think you're fine  
As a matter of fact babe  
They couldn't hold a candle to your kind, now  
If all men are equal  
This must be against the law  
'Cause I can't help but feeling  
I'm one up on my brother when night falls  
'Cause in your arms, I get the real love story  
No fairy tale from somewhere back in time  
In the dawn, you're like a morning glory  
Opening up for my sweet light to shine  
I wanna thank you girl  
And I wanna thank you girl  
And I wanna thank you girl  
Well, I wanna thank you girl  
And I wanna thank you girl  
And I wanna thank you girl  
And I wanna thank you girl  
I wanna thank you girl  
And I wanna thank you girl  
Thank you  
Thank you  
Thank you
