

I Was Born (a Unicorn)

The Unicorns

DIAMONDS

I was born a unicorn
I missed the ark but I could've sworn you'd wait for me

GINGER

I was born a unicorn
I could of sworn you believed in me.
Then how come all the other Unicorns are dead?

DIAMONDS

Put your crystal's under my pillow

GINGER

Send your epistle to my bedfellows

DIAMONDS

If I stop believing in you

GINGER

If you stop believing in me

DIAMONDS

If I stop believing in you

GINGER

If you stop believing in me

We're the Unicorns,
We're more than horses,
We're the unicorns,
And we're people too!
