

Boys Growing up

Corey Kent

Mama has talked to Jesus a lot about their "Boys Growing Up".
And the Junkyards still doing a lot of business from the "Boys Growing Up".
When the Girls become women they don't waste any time,
while playing in the dirt they are rolling their eyes.
They keep on falling for them "Boys Growing Up".

Toys get Faster
Drinks get Stronger
Skin gets Thicker
and Shadows get Longer

We are still falling down learning how to pick ourselves up off the ground
You know a man has got to be tough,
Don't mind us, We are just Boys Growing Up

A lot of broken hearts get blamed on "Boys Growing Up".
A lot of diamond rings get bought by "Boys Growing Up".
A lot of swing for the fences
A lot of striking out
A lot of breakups, makeups, and coming back arounds
the next thing we know, we're are watching our , "Boys Growing Up".

Toys get Faster
Drinks get Stronger
Skin gets Thicker
and Shadows get Longer

We are still falling down learning how to pick ourselves up off the ground
You know a man has got to be tough,
Don't mind us,
We are just "Boys Growing Up".
just "Boys Growing Up".

Mama has talked to Jesus a lot about their "Boys Growing Up".
And the Junkyards still doing a lot of business from the "Boys Growing Up".

Toys get Faster
Drinks get Stronger
Skin gets Thicker

and Shadows get Longer

We are still falling down learning how to pick ourselves up off the ground
You know a man has got to be tough,
Don't mind us,
We are just "Boys Growing Up"
We are just "Boys Growing Up"...
