Tasha gon' have to do it over

Girl you so fine

We gon' be going body to body

Make you feel good on this side

Tonight go right

Write your number down

After this henny I'm gon' call you

Pretty lady, lady

I'm noticing your going crazy, crazy, crazy

Everybody know your turn up real, real  
Poke it out, show me something I can feel, feel

See even though you ain't my girl  
These ways I'm feeling for you is real  
See even though you ain't my girl  
I can change your world

In the club feelin' on your thighs

Your body, your body

Ooh girl, do it for me one time

And he take your time

You bomb from head to toe

You got your hair done and your nails done

Pretty lady, lady

I'm noticing your going crazy, crazy, crazy

Everybody know your turn up real, real

Poke it out, show me something I can feel, feel

See even though you ain't my girl  
These ways I'm feeling for you is real  
See even though you ain't my girl  
I can change your world
