

It's A Little Too Late

Tanya Tucker

Well, I was up all night, well, wonderin' what to do
Thinkin' that I oughta just forget about you
But it's a little too late, well it's a little too late
When you walked in, I shoulda walked out
But it's a little too late to do the right thing now Well, the whole town told me you're a heartbreak king
Guess, I oughta pay attention when they say those things
But it's a little too late, well, it's a little too late
I know all my old buddies wanna help me out
But it's a little too late to do the right thing now Turn the jukebox up, throw some sawdust down
I'm too far gone to turn this heart around
I may be wrong but I don't want out
Well, it's a little too late to do the right thing now Turn the jukebox up and throw some sawdust down
I'm too far gone to turn this heart around
I may be wrong but I don't want out
Well, it's a little too late to do the right thing now I was up all night, well, wonderin' what to do
Thinkin' that I oughta just forget about you
But it's a little too late, well, it's a little too late
When you walked in, I shoulda walked out
But it's a little too late to do the right thing now
I may be wrong but I don't want out
Well, it's a little too late to do the right thing now
