

Coochy Coochy

Ringo Starr

[Chorus]

Waiting for you to come and see me,
Waiting for you to come and see me,
Where are you,
My coochy, coochy, coochy, coochy, coo?
Come on to me and let me see you,
Come on to me and let me see you,
Where are you,
My coochy, coochy, coochy, coochy, coo?

I've travelled all over,
Seen everything there is to see,
Where are you,
My coochy, coochy, coochy, coochy, coo?

I've got everything that i ever wanted,
Done everything i ever wanted to do,
Where are you,
My coochy, coochy, coochy, coochy, coo?

Oh, let me hear it!

[Chorus]

I've traveled all over,
Seen everything there is to see,
Where are you,
My coochy, coochy, coochy, coochy, coo?

I've got everything that i ever wanted,
Done everything i ever wanted to do,
But where are you,
My coochy, coochy, coochy, coochy, coo?
But where are you,
My coochy, coochy, coochy, coochy, coo?
I said, where are you,
My coochy, coochy, coochy, coochy, coo?
I said, where are you,
My coochy, coochy, coo?
I said, where are you,

My coochy, coochy, coochy, coochy, coo?
(done everything that there is to do)
(Well, i've done everything that there is to do.)
(Well, where are you, my coochy, coo?)
(Where are you, my coochy, coo?)
I said, where are you, my coochy, coo?
