

Tea Party

Kerli

Welcome to the Tea Party

Want to be my VIP?

You didn't RSVP

That's ok That's ok

Welcome to the Tea Party

oh oh

Want to be my VIP?

hear me shout

Tip it over and pour it out

Your appetite is

I got the table set

Don't get your dribble on my ttttable yet

I got the goodies baked

Got more than you can take

Just try and nibble on my biscuits and rainbow cakes

Let's be traditional

And not commissional

Got my elbows down pinkies up

That's the way you sip my cup

Welcome to the Tea Party

oh oh

Want to be my VIP?

oh oh

You didn't RSVP

oh oh

That's ok That's ok

oh oh

Welcome to the Tea Party

oh oh

Want to be my VIP?

hear me shout

Tip it over and pour it out

Try not to move so fast

You know the sir comes last

I'm the lady fatha mucka try to show some class

Don't drink the last cup
We keep it boiling hot
We keep the party moving till we drink the last drop

Let's be traditional
And not commissional
Got my elbows down pinkies up
That's the way you sip my cup

Welcome to the Tea Party

oh oh

Want to be my VIP?

oh oh

You didn't RSVP

oh oh

That's ok That's ok

oh oh

Welcome to the Tea Party

oh oh

Want to be my VIP?

hear me shout

Tip it over and pour it out

I know this night is like no other

Your not just another

I know it's only getting better

As long as we're together

I know this night is like no other

Your not just another

Welcome to the Tea Party

oh oh

Want to be my VIP?

oh oh

You didn't RSVP

oh oh

That's ok That's ok

oh oh

Welcome to the Tea Party

oh oh

Want to be my VIP?

hear me shout

Tip it over and pour it out
