

Escape

Kehlani

Never did I think I'd want you
Always seen you 'round my way
Never had the strength to tell you
I kinda, sorta think you're great

Strange for me to wanna love someone who's better by themselves

Hate to know I made you crazy for myself 'Cause I don't want you thinking that my love's in vain
'Cause baby I've been falling for you but falling back up out your way 'Cause I can't let you lose yourself

Looking for me
And I can't let you make me your
Your everything

I just wanna be an escape
I just wanna be an escape

Baby can we escape, escape, escape? Admiring you from a distance

Scared to go and make a move
Didn't wanna be distracting
You be all up in your groove

It's strange for me to wanna love someone who's raw all by themselves

I'd hate for you to search for someone else 'Cause I don't want you thinking that my love's in vain

Baby I've been falling for you but falling up on out your way 'Cause I can't let you lose yourself

Looking for me
And I can't let you make me your
Your everything

I just wanna be an escape
I just wanna be an escape

Baby can we escape, escape, escape? Oh, no, no, no, no, no, no, no, aye, aye

'Cause I've been staying low, holding back
Fighting the feelings that you've been giving
And I've been trying to put it all into words
But I can't so I'm singing I don't want you thinking

That my love's in vain

Baby I've been falling for you

Been falling back up out your way 'Cause I can't let you lose yourself

Looking for me
And I can't let you make me your
Your everything

I just wanna be an escape
I just wanna be an escape

Baby can we escape, escape, escape? Ooh
