My Witness Is In Heaven

Rev. Albert Jamison & Triboro

My witness is in heaven
My witness is in heaven
and my record will be there

My witness is in heaven
My witness is in heaven
and my record will be there

My name is written in the book, the book of life
Even though my days are filled are filled with strife
But I'm going to a place...

[solo]where there is GOD life

and my record will be there

I'm tired and weary but I must, I must go on
to the lord shall say, his servant, servant well done
I received my pain..

[solo] upon his to the deeds I've done

and my records will be there

my witness is in heaven
my witness is in heaven

and my record will be there
and my record will be there
and my record will be there
and my record will be there
and my record will be there
