

# Drive (live)

## R.E.M.

Smack, crack, bushwhacked  
Tie another one to the racks, babyHey kids, rock and roll  
    Nobody tells you where to go, babyWhat if I ride  
        What if you walk  
        What if you rock around the clock  
        Tick-tock, tick-tock  
        What if you did, what if you walk?  
What if you tried to get off, baby?Hey kids, where are you  
    Nobody tells you what to do, babyHey kids, shake a leg  
    Maybe you're crazy in the head, babyMaybe you did  
        Maybe you walked  
        Maybe you rocked around the clock  
        Tick-tock, tick-tock  
        Maybe I ride  
        Maybe you walk  
Maybe I drive to get off, babyHey kids, shake a leg  
    Maybe you're crazy in the head, babyOllie, ollie  
    Ollie, ollie, ollie  
    Ollie, ollie, in come free, babyHey, kids, where are you?  
    Nobody tells you what to do, babySmack, crack, shack-a-lack  
    Tie another one to your back, babyHey kids, rock and roll  
    Nobody tells you where to go, babyMaybe you did  
        Maybe you walk  
        Maybe you rock around the clock  
        Tick-tock, tick-tock  
        Maybe I ride  
        Maybe you walk  
Maybe I drive to get off, babyHey kids, where are you?  
    Nobody tells you what to do, babyHey kids, rock and roll  
    Nobody tells you where to go, baby, baby, baby
