

# Walking On Air

Gowan

You've got more than it takes  
To go the distance  
You've got invincible powers  
Of earth resistance  
I'm the curious type  
Always right where you least expected  
In a world of my own  
I'm undetected  
(chorus)  
Moving under night light  
I see you  
Dancing in the twilight  
I near you  
I'm walking on air  
Beside you  
Could come at any time  
Under any weather  
On and on I seek  
The endless pleasure  
No, don't be surprised  
I may be disguised you know  
And I think it's time you learned  
I'm not so slow  
repeat chorus
