

# Never Hold Back

## Method Man

{Cool, okay, I'm a let y'all take it on your own, right now  
Why don't y'all do me a favor  
What?  
Tell me a joke  
Why did the chicken cross the road?  
To get five dollars from her baby daddy  
You got that, we gon' roll with that right there, aight then} Gilla house, muthafucka, Gilla house  
Gilla house, muthafucka, Gilla house  
Yeah, another Def Jam, but we don't make stars  
We just sign 'em, uh huh, that's what's up, Big Sox I'm on the grind, can't wait to shine  
Fuck that, I pull your blinds, catch you F'in' with mines, no go 'head  
I got no time, hate to be wastin' time  
Muthafucka know the name  
And know that I ain't feelin' y'all lames, like Novacaine  
Ain't no way you can stop the train or the conductor  
Of the track, muthafucka, that's E 3, my love for the game  
It's just not the same, unless it's Gilla house  
And Wu-Tang Clan, in the house, cop them thangs Live together and pop the chain, know your lane  
Fuck cocaine, stick up, 'bout to blow your brains off the map  
The flame is back, it's the amazing  
J-blazin' grapes of wrath turn to raisin'  
What part of the game is that? We not playin'  
Y'all tryna raise the price at the door, we not payin'  
So watcha, watcha want? You kids are slum  
And son got knuckles in his Air Force Ones, come on Niggaz never seen it this raw  
(But nothing's gonna hold me back)  
Keep the heat up by the big dog  
(But I don't wanna hold you back)  
A nigga gotta get this dough  
(I just wanna live my life)  
A nigga gotta get this dough  
(Live your life) Yo, yo, on the air, thought you dead? But I returned  
To give you what you waited four years, now to burn  
Hold your head and know your ledge, your life flash by  
Hey, kid, walk straight, master your high  
Method Man, Method Man, man whoa, like Black Rob, go  
Catch me in the West Wing, I might "Rob Lowe"  
Yes, I can, yes, I can, can, tap your jaw  
And tell whatever chick that I'm with, slap your broad This is it, I'm stuck with y'all and y'all stuck with me

In the lap of luxury, where the hell's, cut for free?  
And the kid can't fuck with y'all, 'til I got a tree  
On some new property, at my new pot to pee, have mercy  
Mercy me, things ain't what they used to  
Soon as you get your shot on the top, somebody shoot ya  
These rhymes, ain't nursery, life's a bitch  
Then you go to court, and she take half your shit, come on Niggaz never seen it this raw  
(But nothing's gonna hold me back)  
Keep the heat up by the big dog  
(But I don't wanna hold you back)  
A nigga gotta get this dough  
(I just wanna live my life)  
A nigga gotta get this dough  
(Live your life)(But nothing's gonna hold me back)  
Keep the heat up by the big dog  
(But I don't wanna hold you back)  
A nigga gotta get this dough  
(I just wanna live my life)  
A nigga gotta get this dough  
(Live your life)Live my life, my life, your life, yeah, Mr. Meth, Big John Studd, yo  
Y'all know how I do it, screw it, all day, everyday  
You know what I'm sayin'? Stinkin', drinkin' and fightin' crime  
Staten Island, stand up, we in the muthafuckin' house  
Come on!
