

Fig in Leather

Devendra Banhart

I've been waiting to tell you so close
I will make phone call and drink some wine
There's a place where all the pretty flowers grow
I will make make phone call 'cause you're a lady I'm trying to show you all about it
I will wear clean shirt in fact quite crisp
I've got Frigidaire to keep it cool
I will take the time 'cause you're a lady
(You're a lady)
Top-quality lady (You're a lady)
My! You're a soft lady (You're a lady)
Quite powerful lady (You're a lady)
A very cool lady When do you think about me now?
What do you think about me now?
What do you think when I think of you?
What do you think about me now?
I think of you
I think you think of me too
I think of you
You think of me don't you? Hello, is that you?
Come right in, have a seat
Remove your shoes, enjoy some fruit
Did I mention "have a seat"?
I'm real high-tech, authority
That's right, I'm quite an ace
I'm cutting edge, I think you'll agree
Have you seen my carrying case? For my head cleaner
For my tape machine
Hold message so easily
Try it now after the beep
How come everybody gets you, baby?
Tell me why everybody gets you, baby What do you think when I think of you?
What do you think about me now?
I think of you (Why not me?)
You think of me, don't you? I will buy keyboard and drink some wine
I will give good quality conversation
I know the whole world eats with its eyes
I will take the time 'cause you're a lady You're a lady
You're a lady
You're a lady

You're a lady
You're a lady
