Cry No More (feat. Fiji)

Mimi

How do I forgive you
after all you put me through?
You expect me to just forget
All of your broken promises

And when you say "i love you"
I'm wondering if your words were true
Or were they just a lie
To help me sleep at night

Bridge
Cuz boy you know you hurt me
And the pain is sinking deep
and now because of you, I just don't know what I'm gonna do

Chorus
Cuz you know all the things we used to
And all those special things you may be used to
Oh oh oh oh, I don't wanna cry no more (2x)

it's no hard for me to move on
Boy, now that you are gone and
I am all by myself
but I know I will prevail

I use to need you now I can see right through
all those lies you told
sounds like the same moves, so

baby you don't own me
and now that I am free
i'm never going back
baby i'm thru with that

chorus (2x)
