That Girl

Shaggy

The girl has got the bum
Whoo wh-wh-whoo, la la la
What she got is a little something, oh yeah
That kind of girl
Maxi Priest just make them know, la la la
She's the kind of woman who lets you know
When she knows what she wants, she won't let go
Takes you to a place of your fantasy
Walks you to the door, but she holds the key
That girl, ooh, that kind of girl
That's the kind of lover, that girl, ooh
That kind of girl
Smooth type of girl
No matter who you are or what you do
She knows hot to click in everything you do
She can make you hot when it's cold outside
Take you on a high, even make you fly, that girl, ooh
That kind of girl
That's the kind of lover, that girl, ooh
That kind of girl
She's outspoken, I'm heartbroken
Just the kind of girl to keep my love life rollin'
She's outspoken, I'm heartbroken
Just the kind of girl to keep me
That, that, that girl to make you
Break your silence and speak
'Cause a glimpse upon the silhouette
My knees get weak, mmm, mmm, baby, baby, so unique
A reggaematic lover, lover make her life complete
That girl, ooh, that kind of girl
That's the kind of lover, that girl, ooh
That kind of girl
Smooth type of girl
Say what? She's the kind of woman who knows the street
And even under pressure, she's smooth and sweet
No complications, just attitude
Believe in what she got, said she won't get used
That girl, ooh, that kind of girl
That's the kind of lover, that girl, ooh

That kind of girl
Smooth type of girl
Well, I'm weak to her touch, gon' rub her to her blush
Love struck that girl, I got an instant crush
You can call me a lush, infatuation or just lust
The girl possess the stuff to make the man def, ooh, ah
Holy Moses, Lord, it could have been me
Caught up in this trap and didn't wanna be
But I ain't a fool, I was one step ahead
I had to let go 'cause I was over my head
That girl, ooh, that kind of girl
That's the kind of lover, that girl, ooh
That kind of girl
Smooth type of girl
She's a cocky kind of girl, that girl, ooh
I got to let her know, that kind of girl
That's the kind of lover, that girl, ooh
I'll let her know, that kind of girl

Just the kind of girl to keep my love life flowin'
