

# Peace and Destruction

## Sevendust

I know this is wrong  
You say the word, I'll be the war  
I am the blood  
I am all that you know(Cut it down)  
I see the devil and I know your name  
(Cut it down)  
Our time has come  
No matter what you sayThe voids we fill  
Don't make us beautiful  
All the hope that we kill will slowly end us  
Take the time to heal  
'Til then refuse it(So cut it so cut it)  
So cut it down  
(So cut it so cut it)  
So cut itI want the fight without a choice  
Say the word and all is yours  
I'm the blood, I'm the chosen  
Give them something to see here(Cut it down)  
I see the devil and I know your name  
(Cut it down)  
Our time has come  
No matter what you sayThe voids we fill  
Don't make us beautiful  
All the hope that we kill  
Will slowly end us  
Take the time to heal  
'Til then refuse it(So cut it so cut it)  
So cut it down  
(So cut it so cut it)  
So cut itI refuse it  
I'm the blood  
I'm the chosenThe voids we fill  
Don't make us beautiful  
All the hope that we kill Will slowly end us  
Take the time to heal  
'Til then refuse itThe voids we fill  
Don't make us beautiful  
All the hope that we kill will slowly end us  
Take the time to heal

'Til then refuse it(So cut it so cut it)

So cut it down

(So cut it so cut it)

So cut it
