

Revive Us

Advisory - the following lyrics contain explicit language:

Ready or not change is comin'
Can you feel the spirit risin' in you
Has it been a while
Since you've felt the fire and passion and joy new
Are you ready for a revelation?
We all know that there is so much more
We're in need of His inspiration
Can't wait another day, I gotta have it right away
Revive us again, revive us again
Restore the joy of our salvation
Revive us again, revive us again
Renew life within, revive us, ooh
Come on, come one now
Can you feel it, can you, can you
Come on, come on now
Love is alive and exciting
If we only let it take control
Drink from the fountain, it's so inviting
It will strengthen and refresh your soul
Nothing can stop this revolution
When we're determined to see it through
If we believe that there is one solution
You know His name is Jesus, he is the one to free us
Revive us again, revive us again
Restore the joy of our salvation
Revive us again, revive us again
Renew life within, revive us, ooh
Come on, come on, yeah
Come on, come on, yeah, yeah
Lord, we need You to revive us
Let it not just begin
But let it just go on and on
And never come to an end
Lord, we need You to revive us
Let it not just begin
But let it just go on and on
And never come to an end
Are you ready for a revelation?
We all know that there is so much more
We're in need of His inspiration
Can't wait another day, I gotta have it right away
Revive us again, revive us again
Restore the joy of our salvation

Revive us again, revive us again
Renew life within, revive us, oohLord, we need You to revive us
Let it not just begin
But let it just go on and on
And never come to an endLord, we need You to revive us
Let it not just begin
But let it just go on and on
And never come to an end
