

# Material

Wiz Khalifa

(Chorus)

Opportunity in my face so I cant sit back and not take advantage of it

Man I can hardly wait got a date with miss success and I cant stand her up no they dont understand us cuz, they say we too material (material) but money make the world go (round and round x3) yeahh, they say we too material (material) but money make the world go (round and round x3) yeahh Wait they dying to get the diamonds off my plate, the more I give the more they tryin to take, like I be serving you this evening got the nerve to wonder how I eat cuz while you sleep-in ima wake, aw man what is yull saying, money long yulls in like an on ramp, young boss man I be with a lot of goons, that know how to aim but dat chopper stay on auto-tune, I paint a perfect picture for it, so you gon need your high definition cord, they say I made it cause there aint a thing I cant afford and car service get me to my plane before it begins to board, aye they think they hell im on a highway, cause I treat everyday like its a Friday, my situation straight you looking sideways, on my grizzly cause my crime pays(Chorus)

Opportunity in my face so I cant sit back and not take advantage of it

Man I can hardly wait got a date with miss success and I cant stand her up no they dont understand us cuz, they say we too material (material) but money make the world go (round and round x3) yeahh, they say we too material (material) but money make the world go (round and round x3) yeahh Three cell phones no home number, the shit that I be will take you out your zone comfort, quiet when im home but mention me when im gone, schedule getting full I had to I had to sync it with my iphone, and I cant get out of plane mode, cause every time I turn around I wake up in a different time zone (different time zone), not concerned with all the fame but want the world to know my name when im gone, so just give me the light, quiet on the set show me where the cameras at (where the cameras at), im telling you im ready (telling you im ready), no im telling you im ready (im telling you im readyy)
