

Declaration Of War

Geto Boys

It's the return of the murderer, maniac madman
Fully automatic M 11 in the handbag
The ending of it, the beginning of the Baghdad
Your brains blowed out, body in a trash bag
Unidentified, chalk him up a John Doe
Got most of the pieces, but they ain't found his arms though
It's far from a record, I'm different than these rap dudes
A real nigga, won't hesitate to clap fools
Ski mask you come up to where you lay at
Cock back, squeeze, and put him where your face at
The nerve of you niggaz, believin' I'ma play games
You know who I'm wit, so I ain't gotta say names
You pussy, 'cuz you a black Jew
Ain't never had love for y'all, make me clap you
And it's a done deal, don't fuck with what the truth is
Hide behind that motherfuckin' desk but when the truth's here
It's on for ya, that mean your lifeline shortens
Death to the niggaz who disrespected the Jordan
I'm not a pop nigga, fuck what radio say
Fuck what video do, but this is all day
Hood nigga, I ain't gotta show you what my life like
'Cuz you don't persecute a motherfucker like Mike
I ain't a house nigga scum like you fools is
I was bred born and raised in this true shit
Funny how a nigga get caught up in all the glamor
And then they finally come to grips that this can happen
To anybody, won't discriminate who catch this
Get in the way and you a victim of a death wish
A declaration of a war and it's a warnin'
Follow the leader but be aware your opponent
Is in the window got guerrillas where you rest at
And prepared to hit a motherfucker, bet that
Aight, let's get serious
Fuck the rap game I'm the realest nigga, period
If you ain't feelin' me you know how it goes
Jump bitch, I can't wait to kill one of you hoes
It's on if you got beef
You can be a cop, a drug dealer, or a pro athlete
Bottom line, I don't give a fuck about 'cha
If I pop you in the neck, I bet some blood come out 'cha
While your label only behind you greasin' his dick
Your stupid ass on a video, cheesin' and shit
J ain't shorted me a dime if he owe you bucks
The way I see you a bitch and you deserve to be fucked
Willie D is the nigga that'll bloody your clothes
Don't think you know me 'cuz you know the hook to "Bald head Hoe"
I light you up with a sawed off and stab yo' ass
In the leg, in the chest, in the back and mouth
Aight nigga, stab him in the leg in the chest
In the back and mouth, let 'em haul him off
Give me a motherfuckin' handy shotty

And a plug of PCP, I'll kill anybody Bust him in the ass 'til he's still
I'm Chuck wick bitch, your Achilles heel
A short nigga quick to give a tall ass whoopin'
Got a chip on my shoulder bout the size of Brooklyn Lookin' to start shit, I ain't scary like Scooby and Shaggy
Piss me off you better Duck like Daffy
Even if you in a rest home I'll pop ya
Even if you got a vest on I'll drop ya Funny how a nigga get caught up in all the glamor
And then they finally come to grips that this can happen
To anybody, won't discriminate who catch this
Get in the way and you a victim of a death wish A declaration of a war and it's a warnin'
Follow the leader but be aware your opponent
Is in the window got guerillas where you rest at
And prepared to hit a motherfucker, bet that
