

# Fun With Knives

## Velvet Acid Christ

blood, guts  
fun with knives  
blood, guts  
fun with knives  
die, die, die, die for me  
and i'll die for you  
won't you die for me?  
and i'll die for you  
just like jesus christ  
just like all their lies  
just like roses red  
just like roses dead  
just like you and me  
just like insanity  
just like jesus christ  
just like all their lies  
embryonic symbiotic flash in your eyes  
cutting through flesh with a rusty knife  
neurotic psychotic waves in your mind  
sheering open wounds with bloody knife  
embryonic symbiotic flash in your eyes  
cutting through flesh with a rusty knife  
neurotic psychotic waves in your mind  
sheering open wounds with bloody, rusty knife  
blood, guts, fun with knives  
die for me, and i'll die for you  
won't you die for me?  
and i'll die for you  
just like jesus christ  
just like all their lies  
just like you and me  
just like insanity  
embryonic symbiotic flash in your eyes  
cutting through flesh with a rusty knife  
neurotic psychotic waves in your mind  
sheering open wounds with rusty, bloody knife  
blood, guts, fun with knives  
die for me and i'll die for you  
won't you die for me?

and i'll die for you
