

# Too Much to Lose

Marlon Roudette

Lying on your arm  
Black purple sun  
I close my eyes  
And I can see the burning skies  
And it's just like before  
Inside my mind I'd love to come back and show you  
What you made me  
How you turn this wreck less boy into a man And I'd love to come back and show you  
I've got too much to lose now  
Too much to lose  
I've got too much to lose now  
Too much to lose  
How could I forget?  
You got to the wind  
I found my breath  
No since the day I left  
Cause you are the risk I just can't take I'd love to come back and show you  
What you made me  
How you turn this wreck less boy into a man And I'd love to come back and show you  
I've got too much to lose now  
Too much to lose  
I've got too much to lose now Tell me when you come at my door  
Too much, too much to lose  
Tell me when you come at my door I'd love to come back and show you  
What you made me  
How you turn this wreck less boy into a man  
And I'd love to come back and show you  
I've got too much to lose now  
Too much to lose  
I've got too much to lose now  
Too much to lose  
I've got too much to lose now  
Too much to lose  
I've got too much to lose now  
Too much to lose  
I've got too much to lose now  
Too much to lose
