

Darling Young Boyz

Mindless Self Indulgence

Darling young boys
All over my mind
Darling young boys
Never too good for me
You're never too good for me
Too good for me
You're always so lovely
And never too good for me
I never got past scene
You're never too good for me
Darling young boys
Always so fucked up
Darling young boys
Always so fucked in the head
You're never too good for me
Too good for me
You're always so lovely
And never too good for me
I never got past this scene
You're never too good for me
Darling young boys
All over my brain
Darling young boys
You're never too good for me
You're never too good for me
Too good for me
