Critters

Bazil

Critter
He won't stop bitin' me
He come and bite from my head down to my knees
Critter
He won't stop bitin' me
He come and bite me while I'm playin' in the sea

He can come and tow blood away from my veins
He can come and tow blood
Away

Critter
He won't stop likin' me
He likes me 'cus my ear looks soft and green
That bugger
He won't stop bitin' me
He bites me 'cus my ear looks tender and lean

He can come and tow blood away from my veins
He can come and tow blood
He can come and tow blood
Away

Critters
They won't stop bitin' me
He bites me when it's blue outside and green
It's smokin'
He won't stop bitin' me
He bites me when I'm playin' in the sea

He can come and tow blood away from my veins
He can come and tow blood
I'm sittin' out here
He can come and tow blood
He can come and tow blood
Away
